

St Mary's Speen Pew News 3/221 (PN 2.2021 was the printed version)

Dear friends, I am sure you are as sorry as I am that St M's PCC feels we must take a pause on Services and close the doors of our beloved church building. But rest assured the church family will remain its usual vibrant and inventive self. I trust everyone will be making an effort to support others with a phone call, a wave through the window, or a little note through the door. Pew News will continue and so will Sabbath Sustenance. Thank you, Janice, so much.

We've done it once, we know how everything works during lockdown, we have acquired the skills to deal with it, and we can do it again, knowing that if, and or when we get a job, the horizon will start looking a bit brighter!

Robin Read has been doing a great job delivering copies of PN and SS to those who do not have internet. However, for the moment, it will be sent out by post.

Someone sent me this via Facebook. I think it sums up what I hope the year ahead will bring, - a rocky start but:
